Pursuant to the authority of Sections 120.60(5), 403.704(15), and 403.061(8), Florida Statutes (Fla. Stat.), and Chapters 28-6, 62-103 and 62-701, Florida Administrative Code (Fla. Admin. Code), the State of Florida Department of Environmental Protection (the Department) hereby gives notice to Louisiana Investment Group, L.L.C. (LIG) of the following findings of fact and conclusions of law.

**FINDINGS OF FACT**

1. The Department is the administrative agency of the State of Florida which has the authority to administer and enforce the provisions of Chapter 403, Fla. Stat., and the rules promulgated thereunder in Title 62, Fla. Admin. Code. The Department is authorized by Section 403.707, Fla. Stat., to regulate construction and demolition debris disposal facilities and to issue, deny and/or revoke permits for these facilities pursuant to Department rules, Section 403.704(15), Fla. Stat. and Chapter 120, Fla. Stat.

2. LIG is an active Florida Corporation registered with the Florida Division of Corporations, that owns and previously operated the Saufley Landfill Inc., C & D Disposal Facility (“Facility”), located at 5660 Saufley Field Road, Pensacola, Escambia County, Florida. LIG operated the Facility under Department Permit Number 0078449-004 (the Permit), which expired August 21, 2007. A permit renewal application was timely filed, but LIG failed to submit the additional information required to complete the application.

3. The Department issued a Final Closure Order to LIG on February 11, 2008, which ordered LIG to close the Facility within 21 days of entry of the Order. The Findings of Fact and Conclusions of Law in that Final Closure Order are incorporated herein.

4. To date, LIG has not initiated closure activities and has not requested additional time to complete closure.

### **CONCLUSIONS OF LAW**

The Department has evaluated the Findings of Fact with regard to the requirements of Chapter 403, Fla. Stat. and Title 62, Fla. Admin. Code. Based on the foregoing facts, the Department has made the following conclusions of law:

5. LIG is a person within the meaning of Sections 403.031(5) and 403.703(22), Fla. Stat.

6. A construction and demolition debris disposal facility is a solid waste management facility within the meaning of Rule 62-701.200(118), Fla. Admin. Code and Section 403.703(35), Fla. Stat.

7. No solid waste management facility may be constructed, operated, maintained, modified, or closed without a permit issued by the Department, in accordance with Rule 62-701.320(1), Fla. Admin. Code.

8. A construction and demolition debris disposal facility must be closed within 180 days after it has reached its final grade, in accordance with Rule 62-701.730(9)(b), Fla. Admin. Code. The owner or operator must provide a certification of closure construction completion to the Department within 30 days after closing, covering, and seeding the disposal unit, in accordance with Rule 62-701.730(9)(c), Fla. Admin. Code.

9. The owner or operator of a construction and demolition debris disposal facility is required to monitor and maintain the facility for a long-term care period of at least five years from the date of closing, in accordance with Rule 62-701.730(10), Fla. Admin. Code.

10. Based upon the above findings and conclusions, the Department has determined that LIG has failed to obtain the required permits to operate or close the facility, and has failed to close the facility in accordance with Department rules. The Department has determined that there is no likelihood that LIG will take the necessary actions to obtain the required permits, to close the facility, or to perform long-term care of the facility. The Department has therefore concluded that LIG has abandoned the facility as regards any attempts to comply with the Department's closure requirements.

Therefore, it is ORDERED:

11. The Department shall take all necessary measures to see that closure of the facility is completed and that long-term care of the facility is performed in accordance with the requirements of Chapter 62-701, Fla. Admin. Code. Such measures may include obtaining site access to perform closure activities, and contracting with third parties to perform closure activities.

12. This Order of Abandonment does not impact any of LIG's rights or obligations as regards real property, equipment, or other appurtenances of the Facility.

DATED this 4th day of March 2008.

OF ENVIRONMENTAL PROTECTION

## NOTICE OF RIGHTS

The Department's proposed agency action shall become final unless a timely petition for an administrative hearing is filed under Sections 120.569 and 120.57, F.S., before the deadline for filing a petition. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the Department's proposed agency action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000.

Petitions by the respondent or any of the parties listed below must be filed within 21 days of receipt of this written notice. Petitions filed by other persons must be filed within 21 days of publication of the notice or receipt of the written notice, whichever occurs first. Under Section 120.60(3), F.S., however, any person who asked the Department for notice of agency action may file a petition within twenty-one days of receipt of such notice, regardless of the date of publication. The petitioner shall mail a copy of the petition to the respondent at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

A petition that disputes the material facts on which the Department's action is based must contain the following information:

(a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Department File Number and the county in which the project is proposed;

(b) A statement of how and when each petitioner received notice of the Department's action or proposed action;

(c) A statement of how each petitioner's substantial interests are or will be affected by the Department's action or proposed action;

(d) A statement of all material facts disputed by petitioner or a statement that there are no disputed facts;

(e) A statement of the ultimate facts alleged, including a statement of the specific facts which the petitioner contends warrant reversal or modification of the Department's action or proposed action;

(f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the Department's action or proposed action; and

(g) A statement of the relief sought by the petitioner, stating precisely the action the petitioner wants the Department to take with respect to the Department's action or proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any

such final decision of the Department have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

In accordance with Section 120.573, F.S., the Department advises that mediation is not available in this case under the provisions of that statute. This does not prevent any interested parties from agreeing to other forms of alternate dispute resolution.

Any party to this order has the right to seek judicial review of it under Section 120.68, F.S., by filing a notice of appeal under Rule 9.110, Florida Rules of Appellate Procedure, with the clerk of the Department in the Office of General Counsel, Mail Station 35, 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000, and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice of appeal must be filed within thirty days after this order is filed with the clerk of the Department.
